Report on Documents and Publications as read by Bro. J. T. Garrison.

Report on Documents and Publications.

Who of us have ever gone without food for our hungry bodies for one day? How few of us feed our hungry souls on God's word, (the bread of our spiritual life) once a day even once a week. The Bible is the most neglected book published.

There are few organizations quite so good and none better than the B. Y. P. U. for training young people to read the Bible daily. The young people of today will be the old people of tomorrow and how much better this world would be if a majority of the people would take counsel of God's word each day.

Next to the Bible should come our religious papers. They inform us of the progress we are making in the advancement of God's kingdom. There is no better way of enlisting people in the service of Our Master than informing them of the needs of His kingdom.

We should be proud of our state paper the Baptist Record and glad to know that our denomination is waking to its duty in that more of our people read the Record than ever before.

The Home and Foreign Field, Royal Service, and Baptist Builder are good papers and should be in every Baptist home. Parents the children are going to read something and it is our duty as well as our privilege to supply them with the right kind of literature. We often allow them to read anything they lay their hands on and then wonder why our children are so worldly. Get

the right kind of literature for them and notice the influence it has on their lives.

Respectfully submitted,

J. T. GARRISON.

On motion, the report was adopted for discussion. Discussed by Brethren V. B. Tucker, P. I. Lipsey, R. R. Rocket and J. B. Gaulding.

The following report on Missions as read by Bro. J. F. Tull.

Report on Missions.

We praise God for the day among Baptists when the question of Missions is one. All too long have we been making distinctions between missions at home and missions abroad, but now the Baptist 75 million campaign has removed every line of demarkation, and as a denomination every man of us is for the salvation of every soul in every land.

For the future our various Boards are to be only so many agencies for getting all our denominational work done.

Last year our State Mission Board raised and expended in S. S., B. Y. P. U., Educational, enlistment and preaching work, \$50,661.16. Our Home Board raised \$1,023,716.77, employed 1706 workers who preached 220,155 sermons, baptized 39,965 converts, and received in all 59,000 people into the church. Our Foreign Board received for its work \$1,223,190.47, had 5635 baptisms on the field, constituted 41 new churches, and raised \$173,372 from the native churches. The fields of the labor now occupied by this Board, are Mexico, Brazil, Argentina, Uruguay, Chili, Japan, China, Italy and Africa. The new fields which this Board contemplates entering at an early date are France, Belgium, Bohemia, Poland and Russia.

For the next four years the Baptist 75 Million campaign has the right-of-way in our denominational work. We recommend that this momentous matter be given a large place in the discussions which follow.

Respectfully submitted.

J. F. TULL.

The report on Orphanage was read by Bro. J. F. Tull and on motion, was adopted without discussion.

Mississippi Baptist Orphanage Report.

Twenty years ago the Baptists of Mississippi established in Jackson, Mississippi, a home for homeless and

dependant children. The beginning was very small but the Baptists of Mississippi have contributed nobly to the Institution and at present we have property valued at more than \$125,000.00.

Our Orphanage is an Institution that should appeal to the very best that is in every child of God, it meets a need that has long been felt by Christian people. Through all ages God's people have been urged to take special care of the widow and orphans and have been warned of the danger that may befall them if neglected to heed the cry of the orphan child. It was Jesus who said 'suffer little children to come unto me for of such is the Kingdom of Heaven.'

Jesus gives, it as the evidence of pure and undefiled religion, to visit the widow and the fatherless in their afflictions.

Our people have stood by our Orphanage nobly and have made it possible for the Orphanage to give food and shelter and schooling and training to more than Eight Hundred children. Many of them have already gone out to fill positions of usefulness and to make good citizens and useful christian workers.

We now have One Hundred and Thirty-five children in the home and many others appealing to us. We would remind our people of the necessity of an increase in their contributions to the Orphanage, in order that we may meet the additional cost of living. A few years ago we could keep a child at a cost of Five Dollars per month. but times have changed and it now costs about Ten Dollars per month.

Let our women continue to send boxes of clothing as heretofore and the members of the Canning Clubs send all kinds of canned goods as they did last year.

Let our people generally contribute produce of all kinds to the free cars which the management hopes to procure. I would recommend that our Sunday Schools give monthly to the Orphanage and that our people make a special prayer for the Orphanage and its management.

Respectfully submitted,

VARDA SMITH.

The report on Sunday Schools as read by Bro. W. C. McCully and on motion, was adopted without discussion.

Report on Sunday Schools.

The Sunday School or the teaching service of the church is one the greatest agencies of our church life. We have the prayer meetings preaching, B. Y. P. U., also, but nothing takes the place of the Sunday School. Christ himself went about teaching. When we speak of him as a preacher and he was so many more times in God's word, do we find him teaching. Teaching it seemed because he could reach so many more people. Teaching in the synagouge, teaching on the streets, teaching on the highways and teaching by the sea shore, and when his life was finished on earth, in his last, or the great commlsion, we hear him to his disciples emphasizing this service as he says, "go ye into all the world, preach my gospel to all nations, make disciples, baptizing them in the name of the Father, Son and Holy Ghost, and then turn them loose to work their own way? Now teaching them to observe all things whatsoever I have commanded you and Lo I am with you alway even unto the end of the ages.

Now what greater command should we want or what greater assurance of help should we have than that He will be with us to the end. Having this commission it behooves us to do the work as he would have us do it, following him we should have a knowledge of the greatest text-book the Bible. When assailed by the tempter his refuge was his Fathers word. So let us as teachers of God's word acquaint ourselves with it, and give it the place it should have in the Sunday School.

Not forgetting the other great things we should in way of preparation in the teaching of this gospel. First let's have a more efficient teaching force with all efficiency means. Although it seems sometimes thin worn threadbare, yet without it we will fail, in our endeavors to buiid up to the standard of excellence, we should attain. Have we required our teachers to take the teachers course as taught by our Convention Board and asking when we need it the help of our Sunday School workers, such men as L. F. Leavell, J. E. Byrd, and others who are always willing to come to us when we need them and ask for them to hold institutes and do

other needed work, doing this we will have an efficient teaching force, and we should not overlook other officers of our Schools. The Superintendent should above all be one of our very best men, full of good works and also work. He should also know something of the course we have been talking about, see that these studies are taken by the teachers, see that they have the teachers meetings study classes etc., and be present himself in these meetings.

Then have all this under supervision of the church. Have church pass on and approve them, thus making them feel that their commission from the church, thus helping them to do their best, making them responsible to the church, feeling he is fully equipped and commissioned going forth in the strength of the Lord and his might. Then after all this equip the Sunday School with better facilities for doing this work. Give them where convenient Sunday School rooms, black board, charts, maps, etc. Then having done this get your folks into the Sunday School, this is one the problems of modern times. There is a tendency to drift away from this service, get all ages from cradle roll to as old as they go. From the reading of the letters of this Association we find a very great per cent of the converts coming from the Sunday Schools, and also if we will investigate we will find most of them in the Junior and Intermediate grades of the Sunday Schools thus proving the influence of a consecrated teacher. Then last but not least supply your school with literature of our own denomination. Also grading the schools along lines of grading, given in our convention rules.

This with other things we could mention if we had time, we think will give us a better Sunday School and we insist on all our churches doing our best along these lines and building up the teaching service of our work.

Respectfully,

W. C. McCULLY.

The following resolution of thanks was read by Bro R. R. Rocket, and on motion, was adopted.

Resolution of Thanks.

Resolved; That we, the messengers and visitors of the Chicksaw Baptist Association, at its eightieth and last meeting do hereby offer our heartfelt thanks and

appreciation to the Spring Hill Baptist church, for their loyal hospitality both on the grounds and in their homes during our stay among them.

R R. ROCKET.

The report on aged minister relief as read by Bro. T. C. Hodges, and after discussion by Bro. Hodges, was adopted.

Report on Aged Ministers Relief.

We, your committee on ministerial relief beg leave to submit the following:

The needs of our disabled servants today cry aloud for justice. We never think of what we are doing for these worn out men as charity. It is in the very highest sense, a debt which we owe to those who have used their strength in the service of the churches.

No blessing can be expected on a church which allows the veteran soldier of Christ to go down to his grave a dependent on charity, looking to a miserable pittance as bestowed upon a beggar, for the bare substance of life.

The movement for the relief of the retired ministers is becoming world-wide. That movement has just begun to touch Southern Baptists. Consider for a moment what is taking place.

The Protestant churches one year ago had in their treasuries \$33,000,000, for preachers pensions and are actively engaged in a campaign which will bring this amount up to at least \$75,000,000.

Northern Baptists have no fixed goal, but have at present \$2,000,000 in fund and are seeking an additional million.

The need among Southern Baptists is as great as that of any other denomination. We have from 8,000 to 9,000 pastors in our Southern Baptist ministry. A few of these may command salaries that make them comparatively independent of any place of ministerial relief, but the rank and file of our ministers cannot possi-

bly save up a modest competency for the inevitable day of retirement.

We feel that the time is here when every loyal Baptist should be aroused so as to feel the need of rallying to the support of these old and helpless veterans of the Cross.

Peter of old says. "Wherefore I will not be negligent to put you always in remembrance of these things, though ye know them and be established in the present truth." "In both which I stir up your pure minds by way of remembrance."

Our Lord who said "Go ye into all the world" also said "I was hungry and ye gave me to eat."

"Inasmuch as ye did it unto one of the least of these my brethren ye did it unto me."

It is well for christian men and women to give largely to build and endow great institutions, but if we shall do all these things and leave out that sweet and gracious charity for those who have served us, it will "profit us nothing."

"The Lord is mindful of His own" and if His people have His mind, they will seek the welfare of those who must clearly represent Him on earth.

Respectfully submitted,

T. C. HODGES.

The report on Obituaries as read by Bro. J. B. Gaulding. and on motion, was adopted without discussion.

Report on Obituaries.

To the Chickasaw Association: Your committee on Obituaries make the following report. We find that there has been (63) sixty-three deaths since the last meeting of the Chickasaw Association, precious in the sight of the Lord is the death of his saints Psalms 116-15. And I heard a voice from heaven saying unto me write Blessed are the dead which die in the Lord from henceforth; Yea saith the spirit That they may rest from their labors and their works do follow them, Rev. 14 13.

Respectfully submitted.

J. B. GAULDING.

The report on Hospitals as read by Bro. W. C. McCully. and on motion, was adopted without discussion.

Report on Baptist Hospitals.

We, as Baptist people of Mississippi, are interested in two hospitals. One at Memphis, Tenn., the Tri State Hospital, or Baptist Memorial Hospital and the other our own Baptist Hospital at Jackson, Mississippi.

The first mentioned or Tri-State Hospital at Memphis, is one of the very best hospitals to be found anywhere in our country. Just having completed another wing of the building making three wings and one of the most sanitary and up-to-date anywhere—and when we think of such men as A. E. Jennings and the Dockerys behind it as well as all the other Baptists of Mississippi, Ark., and Tenn., we see the cause of its being a great institution. But when we think of what such men as Jennings and the Dockerys are doing and how little we as all other Baptists of these States are doing we almost blush for shame, when we know how God is blessing their lives and broadening their usefulness, it should give us renewed courage and determination to help in the great cause of helping poor unfortunates whom God placed among us and says "inasmuch as you did it unto one of them ye did it unto me." This hospital upon information we can gain is more than paying expenses off its pay rooms and beds, and in addition to this is doing a wonderful amount of charity work. Just to know this and feel we have a part in this should thrill the soul of every Baptist everywhere.

The greatest speech or even greater than any speech that could be made would be to go there and go through this institution remembering it is ours and its what we make it. Along with this let us not forget our own hospital located at Jackson, which is we learn doing a great work. Not as large of course as the other, but stands for exactly the same thing, and doing the same work, as to statistics, we haven't them at hand but can safely say, "a worthy institution" needing our support. Often neglected. It may be on account of the people not being informed and other causes.

In conclusion let's pray for our hospitals and pay more to them and they will talk for themselves.

Respectfully submitted,

W. C. McCULLY.
